SMALL LOSS IN THE SURPLUS

BANKS STOP GAINING IDLE RESERVES.

BIGNIFICANCE OF MONEY RATES ON GOLD EX-PORT QUESTIONS-IMPORTANCE OF THE GOVERNMENT'S FINANCIAL POLICY

MORE ACTIVE.

The bank statement published yesterday indicates that a stop has come to the accumulation of vist funds of idle money in the city banks. While there was a slight increase in the legal tenders held, there was a decrease in specie, owing to the previous gold exports, and the net gain in cash was small, while there was a decline in the surplus reserve, owing to the increase in deposit liabilities. Bankers are glad to see that there may be a check to the glut of idle money. The reduction of interest rates on deposits of country correspondents has lessened the inflow of currency from the interior, and there is a prospect that the specie balances of the banks will be drawn down by gold exports. It is regretted, however, that the excessive case of money is not being checked by a stronger domestic demand for funds, the increase in loans representing no enlarged inquiry of a healthy nature. There is plenty of commercial paper in the market which the banks do not like to buy, but strong houses are offering little for sale. The demand for loans on poor securities always strong, but there is little loans on first-class bonds and stocks. The banks also do not entirely welcome the foreign demand for gold while there is no settled financial policy of the part of the Administration, and on this acount there is great eagerness to see what the ecretary of the Treasury will recommend in his Becretary of the fready with respect to pro-viding for the large deficit in the Treasury, meet-ing the future needs of the Government and deal-ing with the silver buillon piled up in the National

WHAT THE BANK STATEMENT SHOWED.

The banks yesterday reported a decrease in specie of \$1,361,300, and an increase in legal tenders of \$1,561,300, and an increase in legal tenders of \$1,561,900, a net gain in the cash holdings of \$290,600. The surplus reserve was reduced \$396,600. The loans were increased \$3,078,300, and there was an increase in deposits of \$2,748,800. The banks now hold in legal money \$200,056,600, against \$117,744,100 at the corresponding date of 1892 and \$130,796,000 in 1891. The surplus reserve is \$76,168,825, against \$5,446,225 in 1892 and \$19,161,500 in 1891. The deposits aggregate \$495,551.100, compared with \$449,195,500 in 1892, and \$446.538,000 in 1891. The loans amount to \$415,421,900, against \$441,801,200 in 1892 and \$422,840,200 in 1891. There were no indications yesterday that there

uld be shipments of gold on Tuesday. The condition of the foreign exchange market to-morrow may determine the question. But the foreign exchanges closed firm in tone, and the relative ates of money here and abroad promise a continuance of the gold export movement. Discounts are 2% per cent in London, 4% in Berlin and Frankfort, 3% in Amsterdam, 2% in Antwerp and 2% per cent in Paris. Money on call in London is 2% per cent, and in New-York it is 1 per cent. The discount rates in Europe do not look high to Americans, but they are comparatively high for European money dealers. The condition of financial affairs abroad is said by well-informed bankers to promise a continuance rather than a relaxation of firmness in the money market.

PRICES IN THE STOCK MARKET. The stock market yesterday was dull and lower in spite of some early advances. American Sugar Refining was the most active stock, the sales reach-ing nearly 30,000 shares. The price rose to 84 on eager covering by frightened shorts, but at the top and the price ran down to \$2½, a price a prominent commission nouse supplied stock, and the price ran down to \$2½, a net loss of ½ per cent. There were no rumors from Washington to explain the manipulation, but the sentiment in the Street continues fearful of unfavorable changes in the sugar tariff. General Electric was active under the operations of the buil pool, but after its price was worked up to built pool, but after its price was worked up to built pool, but after its price was worked up to built pool, but after its price was worked up to built pool, but after its price was worked up to built pool, but after its price was worked up to built seem to desert the summariative in its dividends, does not respond to the degree with which the common stock does under the built sentiment sedulously encouraged. National Lead ran up to 25, and after a reaction to 25%, showed a gain of the fraction, but Chicago Gas fell from 53% to 53% 27%. The railway list showed waskness in the late trading under a renewed bear stack. Chicago, Burlington and Quincy declined from 73% to 53% 27%. St. Paul from 62 to 61% 26% 25% to 61% 25% 25% 25% 25% 25% 25% 25% and Omaha from 25% to 37%. Western Union Tolograph was advanced to 53% but it's later price was 85% 25%. The market closed with general losses, with a more active selling movement in the late trading after the publication of the bank statement. Compared with a week are prices are generally lower, although there are some sharp advances in the stocks which are susceptible to manipulation. The market still holds an handcome advance from the panic prices of the summer.

AN ATTACHMENT AGAINST JACOB CRAM. Park & Tilford have obtained an attachment for \$540 for groceries, against Jacob Cram, who was involved with Erastus Wiman, on the ground that involved with Erastus Wiman, on the ground that Mr. Cram has left the State, and transferred his property, in order to cheat his creditors. It was alleged that on December 9, 1822 Mr. Cram transferred, without consideration, all his property in this city. Seneca County and elsewhere, to Norman S. Walker, jr., in trust for his own benefit and for the benefit of his wife and children, and shortly after Mr. Cram left the State, and is now a resident of California.

SKINS INVOLVED IN THE ABE STEIN FAIL-

Deputy-Sheriff Mulvaney and his assistants for several days have been searching for a large quantity of skins imported from Europe in the last two which are involved in the recent failures months, which are involved in the recent failures of Abe Stein & Co., of this city; Jacob Stein & Co., of London, and Edmands & Barrett, of Boston. The Sheriff received two writs of replevin, aggregating \$89.483, in favor of Kleinwort, Sons & Co., of London, which were obtained through their representatives here, Winter & Smillie. The London firm claims the skins, under trust receipts, as their money was used to purchase the skins. London firm claims the skins, under trust receipts, as their money was used to purchase the skins, the credit having been obtained by Edmands & Earrett. The Sherif has selzed skins valued at \$70,000, which were found stored with the Terminal Warehouse Company and Campbell, Nichols & Gwyer. Deputy-Sheriff Mulvaney said yesterday that the scarch was not finished, and he expected to find considerable more of the skins.

A BAXTER-ST. CLOTHIER INVOLVED. Jacob Finelite, the Baxter-st. clothing merchant,

it is said, indorsed the paper of A. H. King & Co. and Cohn, Ball & Co., Broadway clothing mer-chants, for a considerable amount. Mr. Finelite chants, for a considerable amount. Mr. Finelite had heretofore been regarded as worth \$200,000, largely in real estate. He has given a bill of sale on the stock at Nos. 164 and 166 Park Row, where also he did business, for \$8,000 to his mother. Lena Finelite, and the business there is now conducted in her name as well as that at No. 2 Baxter-st. He has conveyed the rest of his real estate to David Finelite, his father, and to Sarah Defries.

The amount of Mr. Finelite's indorsements on the paper of A. H. King & Co. and Cohn, Ball & Co. is reported to be about \$40,000, and since these firms have failed, the holders of this paper will no doubt try to make him liable for it.

THE FULLER BROTHERS & CO. ASSIGNMENT. The schedules of Fuller Brothers & Co., iron comnission merchants, at No. 139 Greenwich-st., who failed on August 8, were filed yesterday. They show liabilities of \$885,892, of which \$59,779 are contingent; nominal assets, \$625,931; actual assets, \$237,422. Of the latter only about \$140,000 will probably come into the assignee's hands, as \$150,000 of the assets were hypothecated before the assignment to secure were hypothecated before the ass'gnment to secure debts exceeding that sum. The principal creditors are the C. A. Godcharles Company, Milton, Penn., \$67,317; Post & Flagg, \$84,173; W. H. Godcharles & Co., Towanda, Penn., \$31,331; the Apollo Iron and Steel Company, Pittsburg, \$45,701; Frederick Sturges, \$63,431; the Oliver & Roberts Wire Company, Pittsburg, \$25,500; the Dover Iron Company, \$16,000; the Merchants' Exchange National Bank, \$23,500; Fuller, Lord & Co., \$18,279; estate of Mary B. Fuller, \$15,265; estate of Dudley B. Fuller, \$23,819. Some of the above creditors are secured.

THE H. B. CLAFLIN CO. GETS JUDGMENT. drygoods dealers, of No. 277 Grand-st., for merchandise purchased between June 1, 1882, and October 25, 1893, It is likely that proceedings will be taken to set aside the firm's assignment, which was made on November 23. Judgment was also entered against them yesterday in favor of Annie Richards for \$2,566.

AGAINST N. J. SCHLOSS & CO.

Five more judgments were entered yesterday against N. J. Schloss & Co., clothing merchants, of No. \$53 Broadway, in favor of the following creditors: The Fourth National Bank, \$29,495; S. M. Cohen & Co., \$22,166; Price, Worrall & Inloes, \$18,420; Elkan Naumberg, \$12,492; M. P. Levy, \$5,018.

A LONG-DELAYED DIVIDEND RECEIVED. Providence, R. I., Dec. 16.-When Duncan, Sher-The assignees paid small dividends up to the latter part of 1881, since which time notining has been heard from them, and the banks had almost forgotten the unpaid balances. To-day they received a Christmas present in the form of a dividend of 1.29 per cent, making a total payment of 33.79 per cent. The remittances were wholly unexpected and from the small size of the dividend nothing further is expected from the wrecked firm.

ALLEN PRINT WORKS TO REOPEN MONDAY. Providence, Dec. 16.—The A.,en Print Works, which have been shut down for the last five weeks, will start up on Monday with orders sufficient to keep 500 operatives at work.

A DECISION IN THE GAUL CASE TO MORROW. Owing to the illness of Judge Ingraham, of the Supreme Court, a decision was not given yesterday in the struggle which has been going on between Mr. and Mrs. Robert H. Gaul for the possession of their child, Madge Irans. The case was put over until to-morrow. Mrs. Gaul thinks that her husband sailed for Europe with the child yesterday. Mr. Gaul's attorneys say that the child will be in court on Monlay.

Mrs. Gaul emerced a note from her husband is a They
